

# NAIRA

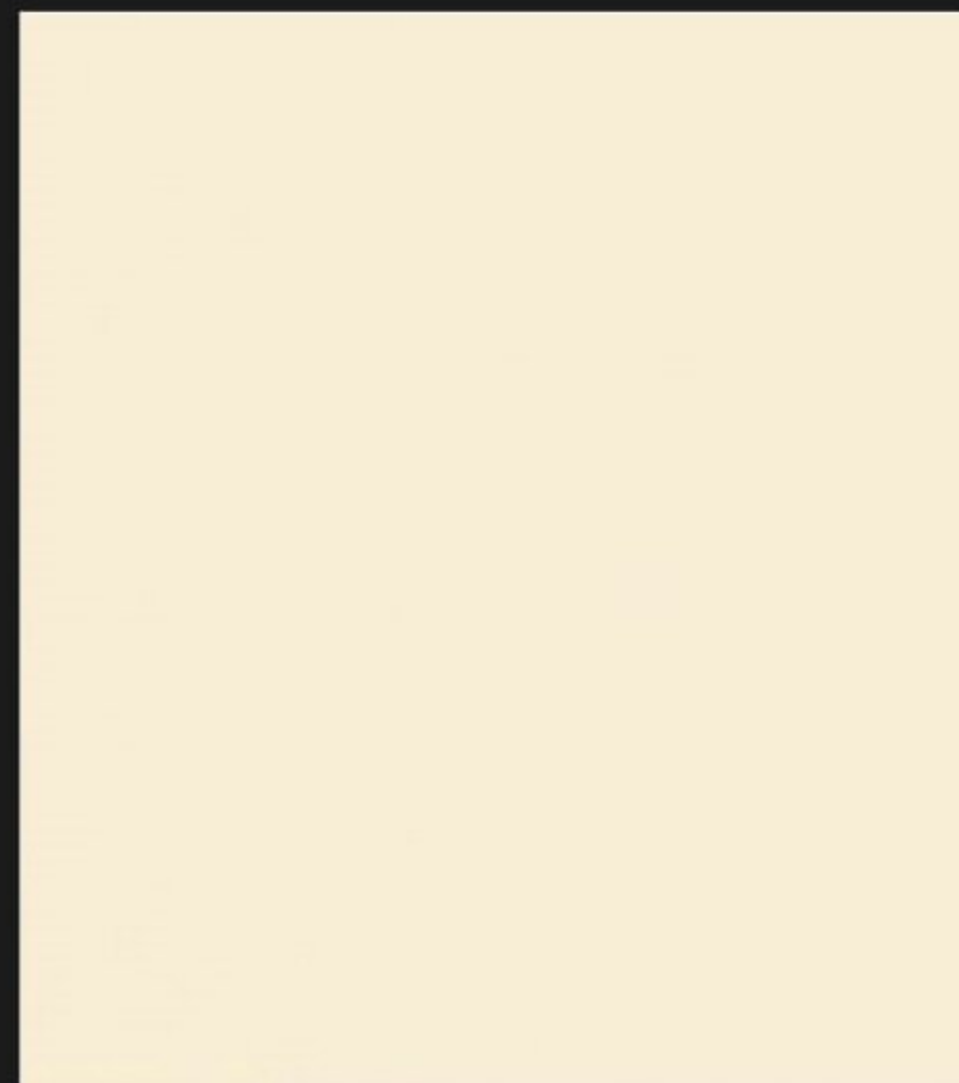

Naira has a pleasing matt finish and is moderately washable and durable. It has excellent hiding properties and can be used to self-prime or use Amani plaster primer. Apply two topcoats allow to dry between coats. Apply in a crosshatch method to ensure an even spread of paint and absence of roller marks.

Guideline spread rate is 6-8 sqm/litre/coat. It comes in 5L and 20L drums.

Please use an experienced painter to apply product.

Beauty is in the eye of the beholder.  
Paint your walls, paint your ceilings light.  
Doors, ceilings don't have to be white.  
Follow your dream.  
Are you an Amani believer?
